CONSTRUCT TWO GROUP RANKED #1 LARGEST AND FASTEST-GROWING PRIVATELY HELD COMPANY IN CENTRAL FLORIDA

(ORLANDO, FLORIDA) — Construct Two Group (CTG) is officially ranked #1 on the 2021 Orlando Business Journal (OBJ) Elite 50 List of Central Florida's highest-ranked privately held companies based on business success and growth over the past three years. The OBJ Elite 50 List is comprised of the leaders among Central Florida's Golden 100 and Fast 50 lists.

As stated by the OBJ, "the Elite 50 are the cream of the crop". There are a total of 45 firms representing the top 25 companies on OBJ's 2021 Golden 100 List (*highest previous-year annual revenue*), and the top 25 companies on this year's Fast 50 (*fastest consecutive three-year revenue growth*). CTG ranked highly on both lists with record-breaking growth of 276.8% in annual year-end revenue with the most recent year being \$32.66 Million. CTG garnered the #1 position on the 2021 Fast 50 and the #52 position on Central Florida's 2021 Golden 100 companies.

Recording annual revenue growth is a major milestone for most companies during this time of turbulence caused by the Covid-19 pandemic; and having consecutive sales growth for multiple years is an even bigger accomplishment, according to the OBJ. CTG, a minority-owned firm, has persevered through many crises with the most recent being the Covid-19 pandemic. **Led by Founder and Chairman Derrick Wallace, CTG not only sustained but also thrived and flourished by remaining focused, improving processes, implementing marketing initiatives to niche markets, placing clients and employees first, as well as finding and creating new opportunities.**

"We are extremely honored and humbled that our growth and accomplishments are being recognized. We have achieved this success through hard work, passion, and commitment to excellence. We have dedicated ourselves to three decades of innovation, construction and business process improvements and efficiencies to provide our clients with the highest quality solutions and services. Throughout 2021, we plan to embark on even more sustainable projects that benefit our collective future," stated CTG Chairman Derrick Wallace.

Established in 1990, CTG is celebrating over 30 years of excellence in development management and construction management. In that vein, CTG is creating, sustaining and transforming the future through innovative approaches to private-public partnership and unique developments. **Within its vast history of completing projects on time and under budget, CTG has amassed more than \$1 billion in commercial, education, university, military, municipal, industrial, entertainment and housing projects completed to date.**
